vita

Over the past decade, German photographer **LAURA PALM** has travelled the world, photographing people in stunning locations—and somehow gets to call it work.

Working alongside industry-leading glam and technical teams, she brings an exceptional eye for light, colour and detail to her fashion and beauty work. She loves the collaborative nature of photography and working with people who are equally passionate about what they do, creating striking imagery for global brands, magazines and creative teams.

Based between Berlin, Paris and the Algarve, she spends her time off-camera chasing waves, cuddling dogs, and enjoying fine Italian food.
