The Colour

Ein sexy Spiel der Farben: kühles Beigesandblond trifft auf klare helle nordische Blondnuancen, die klaren und hellen Längen verstärken die Dynamik — summer's most wanted blonde!

Un jeu de couleurs sexy : un blond beige sable rencontre les nuances claires et lumineuses d'un blond nordique. Les longueurs claires et lumineuses renforcent le dynamisme de la couleur. Le blond le plus envié de l'été !

A sexy game of colours: cool beige sand blonde meets clear light Nordic blonde shades, the clear and light lengths amplify the dynamism — Summer's most wanted blonde!

Celebrate life. Live through celebration — the clubs and dance floors of the metropolis are the very places where trends are born. Out of joy. Out of desire. Out of an unquenchable lust for life. Here ideas are born, styles are created and looks are shaped long before they reach the catwalks. They are not created through thought, but through dance. Celebration. Experience. We see the clubs and their culture as a pool of inspiration. Some have even become iconic: Studio 54 in New York is classed as a symbol of a creative era. Berghain in Berlin is classed as a magnetic, pulsating favourite venue of the first truly international generation. Our collection does not intend to celebrate a certain epoch or a defined look, but it prefers to interpret the spirit and vibe of the club scene — as a space, a surface and playground for our ideas. That is why the looks are versatile, playful, wearable, always in motion — sexy, specific and unspecific all at the same time.

EIN & AUS

GRRR RRRR

Ein Auto, das empathisch auf seinen Fahrer und seine Umgebung reagiert. Bislang noch Zukunftsmusik, ist es in Sachen Sicherheit und Komfort dennoch eine spannende Aussicht. Audi arbeitet daran, die Beziehung zwischen Mensch und Maschine zu emotionalisieren.

PATRICK HOU fell in love with photography while studying media techniques at university. After travelling the world and the seven seas as a photographer's assistant, he set himself up as a photographer in 2010. Soon he was working for all the international glossy magazines as well as many renowned fashion and cosmetics brands.

His approach is modern and sensual. During his shoots he captures the magic moment. Models love working with Patrick because he makes them look gorgeous.

Patrick Hou is based in Berlin.
